

HISTORIC PRESERVATION IMPLEMENTATION PLAN

6-Sep-07\*

Below are UNM buildings/zones that appear in the **UNM Heritage Preservation Plan**. For the sake of implementing the Plan, they are listed in the following ranked order:

- 1 - Highest (historically very important to retain, or already state or federally registered)
- 2 - Medium (has historic features that can be archived, replicated or recalled)  
Does not preclude removal if there is a compelling need for use the property on which it sits or the adjacent lands;
- 3 – Lowest (Marginally historically relevant)
